

Botley Market Hall

Audio through the PA system

3.5mm Jack

Android USB Adapter

iPhone Adapter

There is an auxiliary lead that hangs below the PA box, this has a 3.5 Jack.

In the Tupperware box there are two adapters, one is iPhone and the other is a USB for android phones.

Simply plug one of adapters into the 3.5 Jack lead and the other end into the phone, then select your music source and the music will be heard via the PA system.

The volume is controlled via the phone.
