

11 High Street, Botley, Hampshire, SO30 2EA

BANNERS & SIGNAGE

Botley Market Hall is situated in a designated conservation area and as such we are legally bound to comply with the Grade 11 caveats on our building, the essence of our listing covers the tetra-style portico facade which faces the High Street.

The building is a prominent feature in the centre of Botley and according to our conservation officer nothing should detract from its architectural significance. Any signage now requires listed building consent.

The market hall is also situated on a major trunk road and as such is subject to Hampshire Highways regulatory control under Section 178 of the Highways Act 1980 and covers the use of signage and banners,

This requires an application of consent; we also have a duty of care towards pedestrians and road users alike.

Unfortunately, we **cannot** approve the use of any form of signage
