

Harbury Village Hall

Instructions For The Audio System Using Bluetooth

All the plugs and sockets referred to are on the wall underneath the wall mounted cabinet.

Make sure your phone/iPad etc is in pairing mode.

Turn on the socket with the blue disc

You should now see a green blinking light in the cabinet. Connect to the “DN-200BR” Bluetooth device which you will see listed.

Now turn on the socket with the green disc.

Optional

If microphones are in use then turn on the sockets with the orange discs.

Lastly turn on the socket with the red disc.

Now start playing the audio from your device.

Adjust the volume using your device volume control.

IMPORTANT: When Finished

Turn Off the Red Socket FIRST
