Your skills, their future!

Could You Offer a Home from Home?

At Swindon Borough Council, we're looking for caring people to join our Home from Home short break fostering scheme, offering children with disabilities a safe, supportive place to stay, while giving their families essential time to rest and recharge.

What Is Home from Home?

Home from Home carers provide planned short stays which are at least one weekend a month plus anything from a few hours to weekends for children with additional needs. These breaks make a real difference to families and help children experience life in a new environment where they can thrive.

We'll Support You Every Step of the Way as a Home from Home carer, you'll receive:

- Full training and 24/7 support
- A generous allowance
- The chance to change a child's life
- Improve their family balance

All you need is a spare room, a calm and caring approach, and a commitment to making a difference in a child's world.

Get in Touch Today

One weekend a month could change a life.

Your skills, their future! Become a Home from Home carer today.
